RE: Permit #ACT 015-032  
Genwal Coal Company  
Paving of the Portal Road

Dear Mr. Haddock:

Genwal is proposing asphaltting the portal road from the upper pad to the portal area. By paving the portal road, dust emissions will be reduced, road maintenance will be reduced, and better access to the portal area will exist.

The hydrologic impact from paving this road has been evaluated by Blackhawk Engineering of Helper, Utah and is attached to this letter. It has been determined that there will be no required change in the hydraulic structures that will be directly influenced due to the proposed action.

Should you have any questions or need additional information, please contact me at 687-9813.

Sincerely,

*R. Jay Marshall*  
GENWAL COAL COMPANY
